

April 2020

ETSP Highlights

Just a couple of months ago we could never have imagined being in the situation we are now, with schools closed and the whole country being told to stay at home.

So whilst you know what's been happening within your own schools, we wanted to share what's been going on in partnership schools over the past few weeks and keep you posted on what the ETSP team has been up to!

Face Visors

ETSP is supporting **Helpful Engineering UK** by assembling and delivering face visors to frontline healthcare workers. The ETSP Charity Chair has been busy helping and in just 3 days: **100+** school staff have volunteered to assemble visors and **1,180** face visors have been delivered to **40+** Enfield care homes. Wow!

Easter School

Over the school Easter holidays ETSP supported Attigo Academy Trust with their Easter school for children of key workers. Children from 8 Enfield schools attended Worcesters Primary and enjoyed a variety of sports, drama and craft activities delivered by school staff, a circus entertainer and **Sport4Kids**.

Easter Bread

ETSP received a large donation of Easter breads from **The Old Enfield Charitable Trust** and **Love Your Doorstep** to share with children across our schools. You might recognise some of the people receiving these gifts!

Online Art Gallery

With our art competition and exhibition cancelled, we wanted to make sure everyone has the opportunity to see the incredible artworks we have received so far from pupils in Years 5 and 6. Visit our online gallery in 'news' on the ETSP website.

Supporting our Community

ETSP received a number of food parcels for vulnerable families from **Palmers Green Mosque**. To give back to our community, on Wednesday 6th May we are collecting donations of food and toiletries for **North Enfield Foodbank**.
